My dear Sir Krishnamurthi

With reference to our
recent conversation I en-
close Mr Knapp's letter
to me about G Subba
Rao & you I have re-
plied that I cannot

give him a definite
reply at present I
certainly think that
S is about the most
competent man available
and that you will not
go wrong in appointing
him But in any

case it is only fair to
let him know Govt's

OFFICE OF
THE INSPECTOR GENERAL OF EDUCATION
IN MYSORE

Bangal 4 July 1904

Dear Sir Krishnamurti,

Mr Subramanya Iyer of the Madura Technical School writes today to say that the President of the District Board has appointed a man on his place, & he joined duty on the 2nd July. Subramanya Iyer has however been told to

remain in the school until
the orders of the Imperial Govern-
ment are received This action
of the District Board Superintend-
ent as "Quite premature"
as I am in no way responsible
for it Even on
June 16 When the Lieutenant
Governor done that
the Board were about
to appoint a man in
his place with a view to
train him up during

the few days Subadarwanee remained at his Post, I at once telegraphed & also wrote to him that it would be premature to appoint a successor as no orders were received about his own appointment from Government

A muddle appears to have been made somewhere I request under these circumstances that you will kindly sanction Subu

warm Yr's appointment
I have no doubt we shall
become to know a good man.

I have written to Shama
Rao that the Padshah has
returned from Bombay to
see you. May I ask him
to go to Mysore or shall
he await your return here

Hoping you are quite
well I am

Yours sincerely
H J Bhabha

is at present no need for so highly paid an Officer (on 250 ℔) for this small institution he will not have sufficient work to do. — Any capable Officer of any of the numerous depôts in Singapore may superintend this institution for an allowance of 50 ℔ (instead of the Lieut or Capt.) & this being done now by Sergt Deeny 2/4th Regiment who always stays in Singapore —

Even if it thought fit to employ a man on 250 ℔, surely we can find competent men in Singapore, as there are numerous Eurasians there doing nothing St. Helens a duty & very hard our men — —

I kept this file so long to satisfy myself from enquiries that there is actual need for the services of such a man, that there is absolutely no one in Kolhapur service capable of undertaking this work and that Subrao Vyas is the one most eligible for it. Mr Martha assures me that there is none in our service here who can be put in charge of this School Some years hence it is said that Ramachandra Rao now employed in the Industrial School in Mysore may turn out to be a competent man but that at present he cannot manage the institution. Both Mr Martha & Mr Mavinkurve who is on the Committee assure me that a Head master or Supdt is absolutely required and that Subrao Vyas is the most eligible man [illegible] I have reason to believe

that a strong expectation has been already held out to Subsawmy Iyer and that in consequence another Superior has been appointed to take his place in the Madura School - Under the circumstances this news is, I assure you, a severe disappointment to me, for I am assured by your Secretary that we can no more employ Subsawmy Iyer on a permanent basis - The increments are rather too large and the maximum will be reached in two years - In similar appointments in the Civil service the rise is by annual increments of fifteen and there is no reason why Subsawmy Iyer should not rise to 250 by annual increments of ten when he reaches the maximum all incentive for good work will be lost - and having regard to the fact that in connection with the increments of ten will in my opinion be very fair - If it is given as yet to do so the pay may be fixed at 200 - 10 - 250 the appointment of Mr Subsawmy Iyer may be sanctioned

OFFICE OF INSPECTOR GENERAL OF EDUCATION IN MYSORE

No. 9608/388 Enclosure (one) Bangalore 27th April 1904 190

From

H J BHABHA Esq
Inspector General of Education in Mysore

To

L Ananta wami Rao B A B
Offg Secretary to the Govern ert of M

SIR,

I have the honour to inform you that it is necessary to place the Mysore Industrial School under a permanent Superintendent The reemployment of the old Superintendent in the school is out of the question Though he may not be convicted in a criminal court his inefficiency and want of administrative capacity have been so far proved that he can never be placed in charge of an Industrial School again The school has been temporarily placed under Mr J F A D'Cruz as Secretary to whom an allowance of Rs 50 a month is given and a Head Instructor on Rs 70 who has been trained in the Victoria Jubilee Institute of Bombay Mr D'Cruz will soon have his hands quite full of work in connection with the Mysore Improve ment Scheme The present arrangement was from the commencement a temporary character intended to last until a competent Superintendent's services could be engaged

2 I am glad to inform you that Mr G Subbuswami Aiyar B A L T Superintendent of the Madura Technical Institute is willing to accept the post of Superintendent of the Mysore Industrial School on Rs 200 rising by annual increments of Rs 25 to Rs 250 His present pay at Madura is Rs 200 paid from the District Funds and he expects promotion soon in the same place A printed copy of his testimonials is forwarded herewith which will show his

his qualifications and experience as Superintendent of a Technical School He has had more than 15 years' experience and the Madura Technical Institute is one of the best if not the best Technical School in Southern India It made a great impression upon the Industrial Schools Commission when they visited it Mr Subbuswami Aiyar will be an acquisition for the Department if his services can be secured

2 I propose that Mr Subbuswami Aiyar may in addition to his duties of Superintendent of the Mysore School be assigned the duties of inspecting all the technical schools in the State During his absence from Mysore the Mysore Industrial School will remain in charge of the Head Instructor Besides visiting and examining the work of Industrial Schools he should at all times advise and guide the Superintendents of all schools in their difficulties and see that the accounts are kept accurately in the prescribed form The Government of India in their Resolution No 31 dated 14th January 1904 on Industrial Schools suggest the appointment of an Inspector of one or more industries Hardly any inspector can be found who can be called an expert in all the industries that are taught in the Industrial Schools of this State But Mr Subbuswami Aiyar is well acquainted with several of them and by his energy and intelligence he will soon acquire sufficient acquaintance with the other industries

4 I hope under these circumstances Government will be good enough to sanction the appointment of Mr G Subbuswami Aiyar as Superintendent of the Mysore Industrial School on Rs 200 rising by annual increments of Rs 25 to Rs 250 with effect from 1st July 1904 By Order No 4000-1/Fd F 4-93 dated 2nd September 1903 Government sanctioned for the late Superintendent a monthly pay of Rs 150 rising to Rs 200 by annual increments of Rs 25 with effect from 1st July 1901 I trust Government will be good enough to sanction a slightly higher scale for a man of Mr Subbuswami Aiyar's qualifications

I have the honour to be

I have great pleasure in testifying to the very high qualifications of Mr G Subbuswami Aiyar for the post of Head master of a Technical School

He has been for some years past First Assistant at Chengalvaraya Naicker s Commercial and Technical High School Madras In this post he has given unqualified satisfaction to all with whom he has come in contact I have found him diligent zealous and painstaking in the performance of his duties

He has great powers of organization and brings intelligence to bear on his work

He has an intimate acquaintance with all the codes and notifications with which such a school would be concerned

He is a good disciplinarian and at the same time thoroughly in sympathy with the scholars under his care

His attainments are varied, and his lessons are all instructive, carefully prepared and well delivered

If he leaves us, he will do so to the great regret of everybody with whom he has been connected in the discharge of his school duties

Extracts from Inspection Reports —

1890—91 There has been no change in Teaching staff, but it has now the additional advantage of being supervised by an energetic and well qualified Superintendent

The discipline I found to be satisfactory

1892—93 The Superintendent takes a lively interest in his work and under him the institution promises to do well

The Superintendent M R Ry G Subbuswami Aiyar has a great deal of work to attend to He is required to superintend the normal and agricultural sections b sides the Industrial Department He is an exceptionally energeti and zealous workman and deserves credit for the manner in which he gets through so much work.

Report on Education of the Madura District for 92 93

It may be mentioned as worthy of note that unlike the practising branches of other training institutions which I have seen this branch tried to work as a model primary school adopting improved modern methods of instruction in the elementary classes The credit of this is due to the Superintendent

---

1894 95 The Superintendent M R Ry G Subbu swami Aiyar deserves much credit for his earnestness and zeal in the work he has chosen He has managed the school admirably and is still anxious to improve his knowledge with regard to Technical Education

---

1895-96 The efficient working of the Institute reflects great credit on Mr G Subbuswami Aiyar the Superintendent of whom I have formed a very high opinion He is a very hard working officer and a man of active habits

---

1898 99 The condition of the Institution reflects great credit on the Superintendent The tone and disipline of the Institution are good.

1899 00 This school is doing very good work

This school gives promise of developing into a model District Board school and I hope that funds would be provided for its development

1900 01 This institution continues to do good work and is making very satisfactory progress The management reflects credit on the Superintendent

I have great satisfaction in recording the excellence of the results which have been achieved

Inspector's Letter No $\frac{1072}{3-11-02}$ to the Director

M R Ry G Subbuswami Aiyar has done excellent work and has brought the school to its present advanced position

Extracts from Director's Reviews —

1892 93 The Ag Director considers that the institution bids fair to develope into a useful institution under the efficient supervision and management of the Superintendent

---

1893 94 The Director endorses the opinion of Mr T Logan expressed in paragraph 16 of his letter as regards the efficient manner in which the Superintendent and assistants did their work during the year

---

1894 95 The efficient working of the Institute and the general condition of the several accounts and registers kept in it are creditable to the Superintendent and his staff of assistants

1895 96 The Dire tor is g'ad to be able, as the result of a recent visit to re ord his opinion that good work is being done by tne Institute which is growing in popularity and usefulness

---

1897 98 The Director congratulates the Distri t Board and the Superintendent on the efficient condition of the Institute

I have paid more than one visit to the Madura Technical Institute while in this Town and have each time come away more pleased with what I had seen The work turned out in the Industrial Department is superior to any thing we can do in our school of the same kind in Ceylon I am not quite sure that the carving in wood does not beat everything of that kind that the Ceylon carpenter can turn out

(Sd) AVANQUYLENBURG,
Inspector of Schools Ceylon

I have visited the Technical Institute several times during the past week and have had a good opportunity to look into its working methods quite closely I have received much benefit in many ways and have gotten a number of ideas about industrial work and method that will no doubt be of much use to me in the work that I am trying to do in a similar institution The wood carving is especially good the best I have ever seen The school deserves all the support possible from those in authority over it
